# ABOUT FOAM KING INTRODUCTION

Foam King utilizes only high quality raw materials sourced from the leading supplier, Covestro International of Germany. Our high quality fabrics are specially made and designed for each of our mattresses and bed ranges.

As a value adding venture Foam King also produces an array of furniture from bed bases, to wooden chairs, wardrobes, and custom made products. With precision carpentry skills coupled with advanced tech machinery, we are able to meet all your needs. Our furniture division manufactures some of the finest lounge suites for your home and office, with a choice of several exquisite fabric designs.

## OPERATING SINCE 1998

In our quest for diversity Foam King launched a wholly owned subsidiary- Polyking Ltd in 2014. Polyking is specialised in the production of superior quality HDPE and PVC Pipes for the construction, agricultural and manufacturing Industry in Zambia. Using the latest in plastic extrusion technology, we produce the best pipes on the market.

At Foam King it is our quest to ensure that our customers receive only the finest products through efficient production techniques, precision workmanship and our care for detail.
